3 **Program's Objective**

1. Improve communication between farmers, farmworkers, crew leaders, farm labor contractors, and Extension agents.

2. Provide health and safety training.

3. Serve as a resource to growers as they work to provide a healthy work environment on their farm.

4. Promote the development of a farmworker agency council.

5. Connect farmworkers and their families with other Extension resources.

6. Serve as a resource to farmworkers' employers to meet EPA Workers Protection Standard and U.S. Tobacco Agriculture Practice farmworkers training requirements i.e. annual mandatory training for workers and record keeping of worker training.
