Kinston, NC 28504

Adult CPR/AED for Farmers & Farm Workers

The remote and rural location of many farms makes first response CPR training critical for farmers and farmworkers. This certification course is OSHA-compliant and will cover adult CPR and AED use. Participants that complete the course will be issued a digital certification card that is valid for 2 years.

Space for this training is limited to 12 participants per class. A waitlist will be available on first come, first serve basis. For more information about the event or to schedule an on-farm training for a small fee, email Alyssa Ramsey Spence at arramsey@ncsu.edu or call with questions by dialing 252.527.2191, Ext 207.
